Who we are (cont.):

- We are **board certified** emergency medicine doctors with over **20 years** of experience each.
- **Dr. Lisa Dabby** is a recognized expert, featured in the LA Times, LA Magazine, and on CNN
- **Dr. Naomi Dabby** has been caring for critical covid patients in the Covid Surge Hospital ICU
- We are taking care of **covid** patients in the emergency room
- We have consulted for offices, spas, restaurants, tv & film
- We have created **modMD** to bring **excellent care** and **safety** to your business site

What modMD offers:

**Large volume rapid
Covid-19 testing on site**

**Education & safety
protocols for staff**

**Medical
Consulting**

What modMD offers to businesses:

Testing Info:

We are HIPAA compliant

We can run up to **400 tests** per day at the site of your business with a turnaround time of **24 hours**.

Education & Safety Protocols

Our goal is to help your business get back to work safely.

- We help create safety protocols for your business
 - We can provide training to all employees regarding covid, protective equipment, hygiene, and best safety practices
 - Specialized counseling for high risk employees
 - Qualified safety monitor on-site
- 

Our Staff:

We use registered nurses who are experienced in administering Covid-19 tests and will be wearing full medical grade personal protective equipment.

We have a safe practice checklist to keep you and your employees protected during the testing.

Testing Logistics

We can offer full-service logistic planning for your company's testing procedure:

- Scout proposed testing site to ensure proper set-up and safety
- Provide tents and infrastructure for outdoor test sites
- Offer custom scheduling software to efficiently process testing for large groups
- Intake and processing administration staff
- Cleaning and sanitization crew

These services can be customized to accommodate your test site and group needs.

Thank you
